Jim and John VanAssche of Romulus are giving lots of tender loving care to their market swine projects this year. These porkers are going to the Wayne County Fair the week of Aug. 6-13 in Belleville. They will be sold at the Fair Livestock Auction at 6 p.m. Thursday, Aug. 9. Jim, a 16-year-old in his second year with the Swine Project, and a junior at Romulus High School, is sponsored by VanAssche Bros. Construction Co. of Romulus and Collins Cement Co. of Dearborn Heights. They loaned him, interest free, the purchase price of his feeder

pigs this past spring. John, a 12-year-old student of St. Aloysious School in Romulus, and member of High Flyers 4-H club in Belleville, is sponsored by the Romulus Rotary Club. The VanAssche boys hope to see their sponsors, neighbors and friends at the auction supporting 4-Hers with their market animal projects this year. Part of the youths' success depends on local community involvement and interest in this event. For more details call 697-8822 or 721-6576.

Huron Township to pick supervisor, trustees Tuesday

There will be no November election for the three candidates running for the Township Supervisor position in Huron. Tuesday's primary battle won't be a primary at all; since no Republicans have filed for the office, the Democrat who wins this election will sit in the supervisor's chair for the next four years.

This is the first election for the seat since A.J. Haener was appointed by the board to take over the spot vacated by the late Richard Sullivan, who left after a successful bid for a seat in the state House of Representatives a year-and-a-half ago.

Ralph Dugan, 61, a life-long resident of Huron Township, and Harold Ashby, 47, a police officer who has also lived in the township his entire life, will be trying to upset the incumbent

Haener.

In other races, Republican Vicki Lyons, who has made a name for herself as president of the Huron Valley Citizens Association fighting landfills, will find out who she will be running against come the November elections.

Incumbent Mary Lou Carey will be taking on three challengers, fellow Democrats Joan Cady, Doris Davis and Sandra Rhodes.

Since the only Republican seeking office is in the clerk's race, that then is the only race that won't be finalized in Tuesday's election and will be on the November ballot.

Christine Gamber is running unopposed to keep her Township Treasurer seat.

Three terms are running out on the board of trustees; William Geierman, Gary Bates and Fred Ashby — brother to Harold, a candidate for supervisor — and Karalee Finlin, Joe Prater and Sandra Johnson will be battling them for their positions.

The fight is on 5 candidates vie for 37th District seat

By STEVE O'LEARY
ANP Staff Writer

With the impending retirement of State Rep. Edward Mahalak, D-Romulus, a long-time popular lawmaker, the race for the soon-to-be vacant seat in the 37th District has been thrown wide open.

In Tuesday's primary, three Democrats and two Republicans will be vying for the right to represent their parties and face off against one another in the November election.

Democrats Jim Kosteva, Patricia Cullin and John Sheridan will be going head-to-head, as will Republicans Georgia Gramlich and Theodore Jacques.

Kosteva, currently working as Community Planning Con-

sultant for Canton Township, as well as sitting on the Wayne County Solid Waste Planning Committee, has been active in local government for 10 years and speaks of that experience as "sound preparation for the legislation, which needs a new perspective of leadership, one which has experienced the issues that people face on a day-to-day basis."

According to Kosteva, the biggest issues of this election year are tax reform and education. Of tax reform, Kosteva says he believes that "property tax is inequitable and severely limits our school district's ability to maintain quality ... taxes need comprehensive reform, not patch work."

Of education, Kosteva supports a mandatory K-12 curri-

culum to improve the quality of education in the state. Also, he claims that his endorsement by Mahalak will be very beneficial.

"Mr. Mahalak served area residents for 30 years, and his replacement will have to measure up to that kind of dedication. I am honored that he saw fit to give me his endorsement. He's a very well respected man," Kosteva said.

Pat Cullin, a Belleville resident and former supervisor of Van Buren Township cites 20 years of "effective and dedicated governmental service, including my 12 years as supervisor, clerk and trustee in Van Buren" as experience well qualifying her for the seat in the 37th District.

After serving as supervisor

from 1976, in 1982 Cullin was successfully recalled along with other Democratic board members by what she calls "a disgruntled minority who obviously disliked Democrats."

If elected, one of the issues Cullin plans to look into is a "diversified economic package for business investors, a program of 'in-service centers' for retraining of teachers and an evaluation of current teaching techniques."

The third Democrat in the race is John Sheridan, a Romulus resident who grew up in politics — his father was Rep. Alfred Sheridan, D-Taylor, who was in office for 18 years and passed away in 1982.

At 25, Sheridan is the youngest candidate in the race, but he won't shy away from the

issues.

"I definitely feel it's time for a change in this district, and through my established contacts in Lansing I believe that I can do things to benefit the residents of the 37th District."

Sheridan is in favor of providing job retraining for those "currently placing a heavy burden on state welfare resources, which in turn would allow more money for improving education."

On the Republican side, there is one veteran of a political campaign, and another participating in her first.

Theodore Jacques of Romulus ran unsuccessfully for this office in 1982, but says he feels confident this time.

"I still believe that one per-

Summer camper

Diana Pitel, 12, of Romulus, enjoyed a week of hiking, swimming and other fun-filled activities at Camp Sun Deer, America's only free camp for kids with asthma, compliments of the American Lung Association of South-eastern Michigan.

Diana attended Camp Sun Deer, Battle Creek, from June 30 to July 7.

This is the fifth year in a row that the Lung Association has provided a camp for kids too ill to attend "regular" summer camps. All activities were specially designed for the 75 asthmatic children who attended.

Constant health supervision for the campers was provided by the 47 volunteer medical and paramedical professionals. The camp is co-sponsored by the Michigan Society for Respiratory Therapy and Michigan Pulmonary Lab.

Residents vote twice in 21st District

Sumpter and Huron Township officials will choose Democratic and Republican candidates for 21st District State Representative next Tuesday.

Sumpter Supervisor Jim Reeves will face off with London Township supervisor Lynn Owen in a bid for the Democratic nomination. Former Huron Township Supervisor Roy Raker and Monroe businessman James Schmitz are Republican contenders.

The 21st seat was left vacant by the death of Rep. Richard Sullivan (D-New Boston) in February.

If the names and faces in the race look very familiar, there's a reason. In a special

primary June 5, Raker and Owen emerged victorious in a field of nine candidates. But the election was invalidated shortly afterwards, when a Michigan Supreme Court ruling declared the state's newly adopted apportionment plan unconstitutional, and restored previous boundaries.

The 21st District includes Sumpter and Huron Townships and several communities in Monroe County.

Reeves and Schmitz also competed in the June 5 primary.

Tuesday's winners will battle it out Nov. 6. In addition, a special election Tuesday determines who will represent the district until the new legisla-

ture takes office in January.

In other words, voters may vote twice for the same candidates in the 21st race.

In the Democratic race, Jim Reeves, 59, is stressing his "grass roots" qualifications and his highly vocal opposition to landfills. Elected supervisor in 1980, Reeves describes himself as a "Democrat on the conservative side."

Reeves has also said he would like to equalize state-wide school districts by moving away from property taxes and exploring alternatives like the sales tax.

A low budget has made him the underdog in the race, Reeves complains.

Finishing fourth in the voided June 5 primary (out of a field of five Democratic candidates), Reeves says he doesn't have the money or the Democratic machine backing Owen enjoys. ("I'm too independent," he said.)

He acknowledges the race is an "uphill battle", but says he thinks his visibility has improved throughout the district during the campaigning.

For his part, Owen denies that his cousin's name has given him a strong advantage.

"A lot of people in these parts don't know who Gary is," he said.

Manager of an auto parts store in addition

to his job as supervisor, Owen is also calling for a moratorium on landfills. He also is emphasizing the problem of road deterioration, and says he will seek state and federal dollars to repair roads.

Through his efforts, Owen says, roads in London Township have been "widened and repaved."

Despite his strong showing in June, Owen said recently he's "not yelling about a victory."

Civic Searchlight, a Detroit group that ranks candidates, gave Reeves a "well-qualified" rating (the second highest). Owen did not receive a rating, and said recently he wasn't certain if he or his staff

had completed the Searchlight questionnaire.

On the Republican side, Roy Raker, a Huron Township farmer, has made a name for himself in local politics as a supervisor (from 1977 to 1980), and as a two-term trustee. He was elected Highway Commissioner in 1960 for a term.

Raker is emphasizing a rollback of last year's 38 percent income tax increase, and a rollback of property taxes to 1980 levels. He also favors part-time legislative terms.

Raker, 53, has lived most of his life in Huron Township. He received a well-qualified rating from Civic Spotlight.

James Schmitz, 54, is the owner of H. J. Schmitz & Sons, a building supply store in Monroe. He is active in a number of local and business organizations.

Tax concerns dominate Schmitz's agenda.

"Fiscal reform is what's needed," he stated, protesting the governor's sponsored tax increase. He protests that costs of social services, prisons, public health and the Department of Labor have risen drastically over the past decade.

Schmitz stresses that "only private businesses can provide permanent, long-term employment," and that Michigan's business taxes should be reduced. He is also unhappy with the emphasis on property taxes for education, and urges a revamping of the tax formula for education.

son can make a difference. I'm not at all satisfied (with the present leadership in the Michigan House)."

According to Jacques, the major issues at this time are

jobs, education, and getting a balanced budget. "We need to get business, particularly small business, going again to create jobs, and the best way is with business incentives. Small business is where many women,

minorities and young people are employed, and without these jobs, they would be forced to rely on the state ... " Jacques also advocates tougher sentencing of criminals and Right to Life.

Although this is her first political campaign, Georgia Gramlich, a Belleville resident, has been very active in environmental political circles; she is currently on the board of directors of the Southern Michigan Environmental Alliance and site on the legislative committee of the Michigan Toxic Dumpsite

Coalition.

"I care about what happens to our district, because I want to live here for a long time. . . I will do everything I can to see the area prosper, to keep our environment clean and to cut back on taxes," says Gramlich. She also advocates a part-time legislature to keep a lid on state spending.

The primary election takes place this Tuesday, Aug. 7.

The 37th District encompasses Romulus, Belleville, Van Buren Township, and portions of Wayne and Canton.

Foster families sought by WCLS

Fifty new jobs are available immediately in Wayne County, thanks to the expansion of a local foster care program.

"Our foster family program will double in size over the next six to twelve months," reported Jan Myers, foster care recruiter for Wayne Community Living Services (WCLS).

"We're seeking 50 Wayne County residents to become foster parents for children and adults with mental retardation," she added.

"We're looking for individuals and couples who can make a commitment to the program, and who can provide warm, caring homes for the people we serve," says Myers.

How can you become employed in your own home as a foster parent?

This is one of the questions which will be answered at a special workshop on Aug. 2 from 9:30 a.m. to 12 noon at the Southminster Presbyterian Church, 21845 Wick Road in Taylor. The event is sponsored by Wayne Community Living Services (WCLS), a state agency which is seeking foster homes for children and adults with mental retardation. The workshop is free and open to the public.

"At the workshop, we'll answer the most

common concerns and questions about foster parenting," said Jan Myers, WCLS foster care recruiter. "Also, we hope to encourage people to get involved in our program, which is both challenging and rewarding."

The workshop will feature a film and presentations by Myers and a parent currently involved in the WCLS program.

According to Myers, the expansion of the WCLS foster family program is part of a state-wide community placement effort.

"We're placing more people out of institutions and into group homes and foster homes," said Myers.

To qualify as a WCLS foster parent, one must be between the ages of 18 and 65, live in a suitable residence, be in good physical and mental health, and have a source of income. Previous experience is not necessary, although a parenting, teaching or nursing background is sometimes helpful.

Foster parents are paid approximately \$700 per month. Initial and ongoing training is offered by WCLS. Also, foster parents receive assistance from the professional staff of the agency.

For more information about the work-

shop or about the WCLS foster care program, contact Jan Myers at 348-6200, ext. 236, or write to WCLS, 41001 Seven Mile Road, P.O. Box 160, Northville, 48167.

Primary decision

If history repeats itself, and no doubt it will, a relative handful of voters will decide the fate of township, county, state and federal political candidates next Tuesday.

Primary elections seldom draw a substantial turnout, a sad statement since a primary remains a crucial step in the democratic process. Often the primary election is the most hotly contested race and persons who wait until the general election to head to the polls are left out in the cold.

Critical decisions are made at the primary stage and that will be the case again this year. While the November election date receives plenty of publicity — due in large part to the presidential hoopla — the primary is shoved into the background.

Candidates are aware of the situation and target their campaigns to reach only the most consistent voters. "Apathy" is as much a factor in a primary as an issue.

With this in mind, the electorate should be aware of the fact that every single vote becomes a significant factor in the primary next Tuesday. Without your support, a qualified candidate may never even have the opportunity to run next November. And in some cases, the primary winners will be unopposed in November, putting complete importance on the primary balloting.

Following is a list of candidates who we

feel deserve your consideration next Tuesday.

In two races we believe that there are two candidates deserving of support — the Democratic Party runoffs in the 37th and 38th District for the State House of Representatives.

Jim Kosteva and **Patricia Cullin**, candidates in the 37th District, each has served well in public office. Cullin, the former supervisor of Van Buren Township, has exhibited abilities as a leader and administrator while heading the township government. Kosteva, the former planning director of Canton Township, narrowly lost to incumbent Edward Mahalak two years ago and now has received Mahalak's endorsement as well as the "preferred and well qualified" rating from Civic Searchlight.

Incumbent **Justine Barns** will be challenged in her reelection bid in the 38th District by **Vincent Petitpren**, a former state representative. Again, both candidates have served the Westland area well and are very capable of representing the area in Lansing. Barns received the "preferred and well qualified" rating from the Civic Searchlight while Petitpren was rated "well qualified."

We feel at this time it is necessary to only urge the nomination of candidates who face opposition in the primary.

We endorse the following candidates:

Congress
15th District
Glen Kassel (R)

State Representative
21st District
James Reeves (D)
Roy Raker (R)
33rd District
Helen Broske (R)

Control jet boats

To the Editor:

I'm writing this in regards to your editorial about the boating accident that occurred on Belleville Lake. We go to Belleville Lake quite often with our boat. And many times we've seen Jet Boats driving too fast for that lake.

About two weeks before the accident happened my son and his friends were water skiing on the lake. There were a lot of Jet Boats on the lake. But there was one in particular that was driving very fast.

He used the expression that "the maniac was going so fast

you couldn't read his numbers." They were pulling out their boat to leave when the Sheriff's Dept. boat pulled up to leave too. They asked him why he didn't do something about the Jet Boat.

His answer was, "I couldn't catch him in this. The county is broke, I may not have a job in a month! I have a wife and children and I'm not risking my life to catch that boat!"

Had he done his job and what we taxpayers are paying him to do, who knows, it may have prevented the accident that occurred two weeks later.

It may not have been the same boat but then again it may have been. I think it's time something

is done to control these jet boats.

Black can be beautiful

The media has been busy of late assessing the rights and wrongs of both Vanessa Williams, recently deposed Miss America, and the henchmen at Penthouse magazine who so brutally knocked the crown from her lovely head.

I'm referring of course to the fiasco created when Bob Guccione of Penthouse decided to publish nude pictures of the reigning Miss America in sexually explicit poses with another woman. By now, the infamous edition is on the street, and "There she is, Miss America," will never have quite the same meaning."

And much ado has been made of the fact that Vanessa is the first Miss America to be so disgraced, and the first black Miss America. I don't know what color the other woman in the photos is, nobody seems to be talking much about that.

But contrast that whole issue with the glorious moment Saturday night in Los Angeles when Gina Hemphill, the granddaughter of Olympic great Jesse Owens, triumphantly ran into the stadium bearing the Olympic torch signalling the beginning of the games. She was the first black woman to ever have that honor.

And even more magnificent was the hand-off of the torch to Rafer Johnson, the only black man to ever win the Olympic decathlon and now the only black to have the honor of lighting the Olympic torch.

Crowning achievements in American history are being made by black citizens every day, and they provide testimony to the fact that the American spirit is alive and well.

Other examples? The presidential campaign of Jesse Jackson, the election of black mayors of major cities across the country, the awarding of the Detroit cable franchise to Don Barden . . . and the list goes on and on.

The bigotry, prejudice and arrogance of white Anglo-Saxon America is giving way to the realization, recognition and revelry in

and of the achievements of her citizens — no matter what color. We've all come a long way since George Washington Carver.

With the glory, however, as other members of the ethnic melting pot that is America have discovered, comes the down side. There are still those in society today that think the best way to pull themselves up is by pulling someone else down . . . as in the case of Vanessa Williams.

When the muckrakers are through they no doubt will discover that she posed nude for a baby photo on a pink blanket — and Penthouse or the National Enquirer will print that. Thanks, but my mind just isn't quite that inquiring.

Some people have suggested that the timing of Bob Guccione and his editors was sad. Whatever the timing, say others, the publication of those alleged photos will be damaging not only to Vanessa and the Miss America pageant, but to all black Americans.

The role of "spoiler" isn't always the media. It was only two weeks ago that we were hearing about Alton Coleman and Debra Brown running loose, attacking and killing innocent victims.

Black Americans are at last attaining their rightful place in the composite that keeps our country alive and well. With that place comes the realization that black can be beautiful, but like white, yellow, red, brown, green or purple, isn't always.

There will surely be more shining moments like the coronation of Vanessa Williams, and watching Rafer Johnson mount those steps into the sky . . . just as there will surely be more sadness and shame. Black or white, you see, we're all merely human beings. We're all good, bad, or somewhere in between. That I guess is the real lesson of the Olympic tradition.

Humanity isn't governed by color, nor is achievement or intelligence or character. See you next week.

sue mcdonald speaking

by the reporter to get the story as clearly and concisely as possible.

We're jaded in the respect that we see our names in print on a weekly basis. It's no big deal, so when we come across someone, like Jon, who is thrilled at the thought of having his or her name in the newspaper, it's a novelty.

Such is the case with Jon, and as the ad says, Jon, this one's for you.

I first met Jon in November. The manager of a restaurant in Wayne, he's a country boy at heart. It's rare to see him angry, but that's not to say that there's days when you wonder if you should say something and get your head handed to you on a tray because of a frown darker than the dark side of the moon.

Restaurant work, I have discovered, is not a glamorous profession. There are those days when between demanding customers and grumbling cooks you wonder if unemployment wouldn't be better. Then along comes Jon, coffee cup in hand, grinning, ready to tell a joke or two to liven

up the day. Granted, some of the jokes are awful, but somehow the therapy works, at least for a short while.

Literally a resident of the establishment, it seems he knows as many, if not more than the owner, of the people that cross its portals. It's not unusual to find him standing at the counter, surveying his "domain." In a pinch, he'll shed his apron and fill in as a "hostess" or as the cashier.

There are those days, when he grumbles about working with a bunch of women or how they're driving him crazy. But that is in the past when he's in need of hair spray to calm his unruly hair. Those are the mornings after the nights before, when it's kinder to tell him he looks like something the cat has dragged in, and then grimacing to his face.

Jon calls himself the best manager on the job — no conceit, mind you, just a statement of fact — and I must admit he is pretty good at what he does, if only deciding if waitresses should or shouldn't spin the meal ticket wheel. He can cook up a pretty mean breakfast, even though he mutters about poaching the eggs.

Jon dreams of someday having his own restaurant, and knowing him, it'd be a friendly, fun place to work at, even if he is akin to a slave driver. He's not above practical jokes. His best to date is a put-on of a tornado sighted in Westland, that he dreamed up to see how one waitress in particular (a woman somewhat frantic about storms since the big one in July 1980) would react.

Ready to punch out and go home to die with her children, he admitted to her through incessant giggles that he had made it up.

Jon really hasn't done anything spectacular to earn this spot in the newspaper, other than being nice . . . even when he calls early in the morning to see if you can't come in early. With a telephone voice like that, I'd love to have him answering my telephone here. (No, Jon, that doesn't mean you're hired.)

Okay, Jon, by my count I've mentioned your name 14 times in this week's edition. Is that good enough for just one day without asking me your favorite question? I'd really like to eat my Big Boy in solitude.

Sad commentary

To the Editor:

Two hundred years ago Thomas Payne wrote about the rights of man and an essay about common sense.

The precepts enunciated in these essays are still true and applicable today. One thing is certain. It is that those precepts existed long before the formulation of codes and since these precepts were inculcated into our nature by our creator, a natural deduction should be no conflict between our rights and codes.

There should also be some common sense in the interpretation and application of codes. Codes, like religion, should be pure, should apply to everyone in the same measure.

In conclusion, it is a sad commentary on our time that a lot of well-intended procedures (like city codes) should be prostituted and evolve into accursed instruments in the hand of unscrupulous people.

Fine coverage

To the Editor:

Huron Valley Girl Scout Council wishes to express its thanks and appreciation to the editor and staff of the Associated Newspapers for the excellent cooperation given to our Girl Scout Media Reps.

We greatly appreciate the fine coverage the Associated News papers has given to Girl Scouting this past year.

It is encouraging to us and the girls and volunteers to see the support offered by your publications.

We appreciate the opportunity to reach the public with news of Girl Scout activities and programs, and to make the community aware of the many fine and dedicated Girl Scout volunteers of area.

We thank you and look forward to continuing the association in the coming year.

Tenant response

(Ed. note: the following is in response to a letter from Denis Mathews of Detroit, published July 18, which criticized Vince Pettipren for alleged management problems at an apartment building located at 488 W. Willis, Detroit.)

To the Editor:

We got this thing (copy of Mathews' letter) under the door of my apartment. I really don't know who some of these people think they are. I've been in this (place) 20 years. I used to take care of the yard and I'd put in 11 flats of flowers around the building and work every

weekend in the summer in the yard.

I finally said to hell with it — as some of these tenants want everything without paying for it. It's still a safe place and the manager is doing the best she can. The rents haven't gone up for two years. They were going up every six months for awhile.

I don't know what (Vince Pettipren) can do about the guy in Apt. 201 (Mathews). Maybe he will move. He has talked about moving but it could be hot air.

Sumpter Days

To the Editor:

I would like to take this opportunity to thank the people who worked so very hard this year to make Sumpter Days a success.

To Marilyn Korotney who ran the roads with me for Ads, putting up signs, pennants and working on the final pages of our brochure.

Jean Sulkey for the hassle she went thru for the final set up of our booths.

To Larry & Esther Hurst & Michelle Roman for the beautiful & colorful Prince & Princess Contest. It was great. To Connie Beaudrie for the fine raffle she put on. To Lynda Butzin for her lovely art work on our brochure.

To Karen Grech for the publicity we received from WCXI and the Ypsilanti Press, and her husband Lou Grech with Mike Kohut on handling the parade. To Mr. Bill Lucas, Wayne County Executive who was our grand marshal, County Commissioner Milton Mack, Wayne County Sheriff Ficano and our 34th district Judge, James Stone, and Diane Ferguson with the Strawberry Festival queen & her court, who helped make our parade a suc-

cess.

A very special thank you to Linda Beaudrie, Clarence Primm and Tommy Danee who worked very hard on our park.

Thanks to Ron Roman for our baseball game. He promises he will have township baseball teams in 1985 to compete with anyone.

My great appreciation to Clarence & Sharon Russell for all their help in many, many ways, and especially the coverage we received in the Sumpter View.

Thank you to our local police and fire departments who were also a tremendous help to us.

My deepest regard goes to Rick Morgan and Gary Gladhill, for not only attending our beer tent, but also for our beautiful fireworks. Without their devotion, we could never have had Sumpter Days these past 2 years. Also thanks Sharon and Jeannie for sharing these young men with us.

This was our first time for our festivities to be held 3 days. If you enjoyed yourself give us a call so you can help us continue

this in 1985.

Sumpter Day Committee
Chairman
Adonna Demiski

Opposes endorsement

To the Editor:

I would like to know why Edward Mahalak is endorsing Jim Kosteva as State Representative of the 37th District. Almost 2 years ago Mahalak was downgrading this man saying he was the worst person for the job.

Malalak never did anything for the 37th District (except vote for the tax increase). Now he wants this man from Canton to fill his shoes? Will his choice also vote for a tax increase?

I think it's time we find someone like John P. Sheridan who is for the working and unemployed people. He is a laborer and knows what it is like to work hard for a living. It is time we had a "New Voice for the Working People".

Sumpter Days excitement!

The sun was shining and the kids were beaming at Sumpter Township's parade, which was held on July 14 in honor of the annual Sumpter Days festival. Featured were marching bands, more than 150 floats of all sizes, colors and shapes, and even the younger brother of the renowned San Diego Chicken, The Belleville Chicken, seen here strutting his stuff with Wayne County Executive Bill Lucas, who was the parade's Grand Marshal.

Six compete for two constable slots

Six candidates are competing for two constable slots: Newt Holt, Craig Moore, Terry Williams, Karl T. King, Lorri Wiggins, and Otto Reese, Sr.

Newt Holt, a candidate on the Huziak slate, is a retired Ford worker. He is a member of the Masons and Shriners. Holt, 63, has lived in Sumpter for 17 years. He is married, and the father of two.

Lorri Wiggins, 27, also a candidate on the Huziak slate, is a student at Eastern Michigan University where she is majoring in political science and public administration. She has worked for various campaigns for public office on the local, state and national level. She has lived in Sumpter three years, and is the mother

of two. She is presently employed as a bus driver for the Ann Arbor public schools.

Otto Reese, Sr., is running as an independent. He works for Great Lake Steel Corporation and has lived in the area for six years. Reese, 52, has worked on the safety committee at his job.

He is the father of three.

Craig Moore has lived in Sumpter for 15 years and studied law enforcement administration at Wayne County Community College. He is a candidate on the Juchartz slate.

Moore, King and Williams (both candidates on the Hoffman slate) didn't return photos or candidate questionnaires to Associated Newspapers.

Showbiz Pizza

Animated characters, video games provide excitement

ANP photo by Jamie Rackleytt

On with the show!

"Fatz" the gorilla leads the Rockafire Explosion, one of the entertaining features at Showbiz Pizza Place, 24399 Michigan Ave. Various animated characters perform in skits at Showbiz, which also offers a moderately priced menu, video games and sports' room. Getting the show ready to roll are Store Technician Craig Cochran and Manager Dan Flattery.

"Fatz" the Gorilla and friends belted out a popular rock 'n roll hit. In another room, youngsters took turns riding space ships, trains and other assorted rides. Adults matched skills on various laser video games or watched television in the sports room.

It was another typical night at Showbiz Pizza Place, which quickly is beaming an "in" spot for family entertainment.

Located at 24399 Michigan Ave. near Telegraph, Showbiz offers a moderately priced menu, 75 video games and eight animated robot characters that perform different skits every three minutes in a 270-seat show room. The best way to describe this combination pizza parlor/video arcade is with the word "fun," because the mood here centers on excitement and merriment.

Pizzas range in price from approximately \$5 to \$12.70 and a new deep pan pizza was introduced this week. The Italian Torpedo sandwich features pizza dough, garlic butter, green peppers and choices of pepperoni, ham and cheese and sausage. A Torpedo hot dog is a popular choice for the younger crowd.

While dining, customers are entertained by a cast of automated characters which in-

cludes Fatz, Billy Bob, Looney Bird, Duke, Mitzi and Beach Bear. These characters perform a variety of five-minute skits designed to capture the imagination of young and old alike.

And how believable are such robots?

"I've had people ask me how hot it got for the persons in the costumes," answered Manager Dan Flattery. "At first some kids are scared but then they become fascinated by what they're seeing."

"We have a library of shows to select from and the skits are always changing," he added. "We can select a show to meet the tastes of a particular audience."

Tokens (25 cents) are used to provide a good time in a games' area complete with Skee-ball, a large ball crawl, video games and numerous kid-die rides.

"Bad Habits" takes to the stage

Ann Marie Furie of Westland will perform in the adult comedy "Bad Habits" at 8 p.m. Friday, Saturday and Sunday at Adray Auditorium on the campus of Henry Ford Community College. Tickets are priced at \$3 for adults and \$2 for senior citizens.

Special rates are provided for birthday parties with a minimum group size of six and can be obtained by contacting the management at 274-5310.

Opened in December of 1982, this Showbiz facility is one of nine in Michigan and 130 nationwide. Assisting Flattery in guiding the local operation are Chuck Tufenkjian, John Cislo and Store Technician Craig Cochran.

Showbiz Pizza Place is open from 11 a.m. until 11 p.m. Sunday through Thursday and from 11 a.m. until midnight Friday and Saturday. Beer and wine are served.

William and Tina Eiker

Party fetes Eikers on 45th anniversary

On Saturday, June 23, William and Tina Eiker were honored at a luncheon for their 45th Anniversary.

The luncheon was held at the Community Methodist Church on Olive Street in Romulus, and Sandra Klanderman, daughter, of Winnetka, Illinois; Bill Eiker, son, of Helen Montana; and Roy Eiker, son, of Flint, Michigan, greeted more than 100 guests and family members with their parents.

The Ladies Society of the church, chaired by Josephine Rehkopf, prepared and served the luncheon. Linda Carpenter provided a three-tiered wedding cake.

Head table guests included Mrs. Eiker's sisters, Sylvia Regetz and Viola Leach of Jackson; Helen Bambann, of Dayton Ohio, Eiker's sister;

friends Gladys Ott and Ada Dietz of Monroe, Evaline Sandison and her daughter of Rochester, Tina and Owen Richardson of Romulus; Rev. and Mrs. Robert Hudgens of Byron (former Romulus minister) and Rev. Ben Holmes of Detroit, who married the Eikers in 1939.

Their children presented them with a gift "dream trip" to Australia.

Eiker served as superintendent of the Romulus Township Schools from 1946 to 1952. During that time the community rapidly grew and schools expanded. The family until recent years owned a home at 11324 Olive Street. During their time in Romulus the family was active in numerous aspects of the community.

soon to wed Monroe—Ring

A November 1984 wedding is in the offing for Cylinda Dawn Monroe of Wayne and Jonathan Wesley Ring of Conneaut, Ohio.

The bride-elect, the daughter of Mr. and Mrs. James Monroe of Wayne, is a 1980 graduate of John Glenn High School and a 1984 graduate of Taylor University in Upland, Indiana, where she received a bachelor of arts degree in therapeutic recreation. She is presently studying in the Dominican Republic, West Indies, and after her marriage will be employed with her future husband in the Youth Investment Foundation in Minneapolis, Minnesota.

Her fiance is the son of Mr. and Mrs. Richard Ring of Conneaut, Ohio. A 1980 graduate of South Ridge Christain Academy in Ohio, he graduated from Taylor University in Upland, this year with an A.B.S. degree in sociology and Christian education. He, too, is studying in the Dominican Republic.

While at Taylor University he was a varsity member of the football and track teams and for four years participated in intramural baseball.

The forest belongs to every living creature.

Cylinda Monroe — Jonathan Ring

Goodrich, Mednick wed at sea

The M.V. Liberty Belle of New Haven, Connecticut provided the setting for the July 1 marriage of Jayne Ann Goodrich of New Haven and Aaron Lee Mednick of Whippany, New Jersey.

The bride is the daughter of Mr. and Mrs. Jack Goodrich of Wayne, while the groom is the son of Mr. and Mrs. Lawrence Mednick of Whippany, New Jersey.

The afternoon ceremony was officiated by Justice of the Peace Dan Martinook aboard the boat, which cruised through the Long Island Sound during the wedding ceremony and reception.

The bride, given in marriage by her parents, wore a white tea length dress in Italian lace with a matching hat. Her bouquet was of white roses and stephanotis.

She asked her sisters Kristi

Goodrich and Linda Goodrich-Johnson to serve as her maid and matron of honors respectively. They wore sky blue three-quarter length taffeta dresses, trimmed in white and with a V-neckline and drop waist with sash and bow. Their bouquets were white fans accented with gardenias, tiny blue verbenae and baby's breath.

Serving as bridesmaids were Tammy Caldwell, Susan Popek and Diane Vojtkofsky, childhood friends of the bride, and Wendy Weiss of Morris Plains, New Jersey. Their gowns and flowers matched those of the honor attendants.

The groom asked Tracy Mednick, his brother, of Miami, Florida, to serve as his best man. Serving as ushers were Steven and Scott Mednick, brothers of the groom, John Baker of Flint, Kevin Kelly and

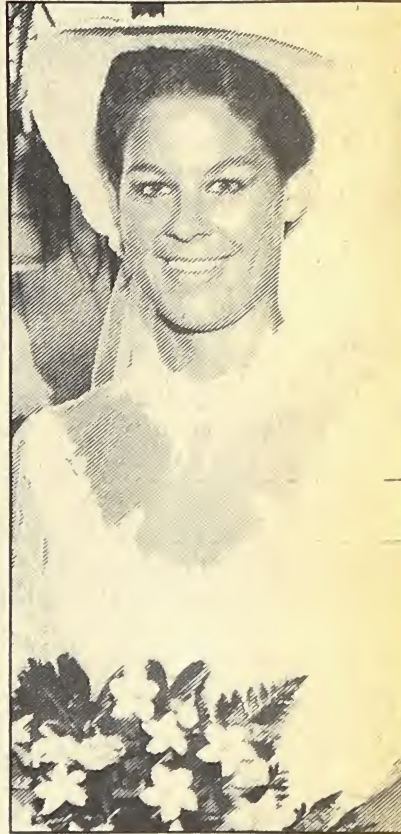

Douglas Schaaf, both of Whippany, New Jersey.

The reception, held aboard the Liberty Belle, was catered by Amarante's. The toast was given by the best man, Tracy Mednick.

The newlyweds honeymooned in Hawaii for two weeks before taking up residence in New Haven.

The new Mrs. Mednick is a 1977 graduate of Wayne Memorial High School and a 1981 graduate of the University of Michigan, where she received her bachelor of science degree in nursing. She presently is employed as a nurse at the Yale-New Haven Hospital in New Haven.

Her husband is a 1981 graduate of the University of Michigan. A member of Beta Theta Pi Fraternity, he is employed as an engineer for E.I. Group in Milford, Connecticut.

Sumpter Township Treasurer

The race is on, and the race is lively for the clerk's and treasurer's seats in Sumpter Township. As in other Sumpter races this election year, all candidates are Democrats. This means the Aug. 7 Democratic primary winners will, in all probability, take office following the Nov. 6 elections. Background	 Robert Marble Age: 59. Occupation: Retired (formerly employed by the Wackenhut Corporation and U.S. Army). Widowed, two children. Sumpter resident 21 years. Organizations: Knights of Columbus, Disabled American Veterans, International Association of Chiefs of Police.	 Ronald Roman Occupation: production supervisor for Brass-Craft Manufacturing. Married, two children. Sumpter resident for 33 years. Organizations: Sumpter Democratic Club. Former Vice-chairman and member of the Sumpter Township Planning Commission.	 Clarence Wilson Occupation: Retired (former Ford Motor Company employee and movie theater owner). Sumpter resident 30 years. Organizations: former president of the Metropolitan Non-Partisan Association.	Photo not available Linda Pustola An eight-year Sumpter resident, Pustola is a self-employed personal financial planner. She did not return a campaign questionnaire or photo to Associated Newspapers. She is a candidate on the Juchartz slate.	Photo not available Thomas Gondek A candidate on the Hoffman slate, Gondek did not return a questionnaire or photo to Associated Newspapers.
Political slate		Elmer Paraghi.	Independent.		
Why do you feel you are qualified to fill this position?	Experience in handling multi-million dollar budgets — both in writing budgets and working from them in running a business ... I also have past experience in township government as clerk of the township (1969-70) and supervisor (1972-74). I have some 20 years of experience in three different types of business as well as my military experience which emphasized leadership and management of all available resources.	Because of my education and my experience in management, I have a diversified background that includes business finance and book-keeping. I have a competitive nature that will help me strive to be the best township treasurer Sumpter has ever had.	I believe I can carry on the job of Sumpter treasurer with the help of my staff. A successful small businessman, I had one movie theatre in Oakland County and turned it into a chain.		
What do you feel are the major issues in this election?	The dump issue is, in my opinion, the first priority. Basically, I DO NOT want any more dumps in the township; also we need to settle our differences with the one we have and start to realize something besides legal expenses. Extension of the water lines in the township. Roads. There isn't a whole lot the township officials can do about roads because we receive no money for them. We have to chivy the Wayne County Road Commission for any and all problems we have with our roads...Drains. This is a continuing problem and will be until we get them all cleaned out.	We need to provide recreation for our youth. We in Sumpter don't even have a Little League program. We need to make sure we're doing all we can for our senior citizens. We have to get better road maintenance from Wayne County. The landfill issue has to be resolved. As it stands right now, we've spent at least \$100,000 fighting the landfill and they're doing more than they ever did. The township should at least open up communications with the landfill people. At least we could monitor what's going on.	Jobs. Senior citizens. People losing their farms, homes, businesses. People in Sumpter need food, clothes. Labor problems, people victims of criminal crime. Would stress to supervisor about funds to clean the ditches, and road repair. Yes, I do feel I would be an effective Sumpter treasurer. I would be a full-time treasurer.

Scouts attend camp

More than 100 Cub Scouts recently attended the Huron District Scout Day Camp, held at Lower Huron Metropark July 9-12.

The Scouts were divided into dens of frogs, eagles, spacemen, Snoopy, turtles, clowns, dog houses, sharks and arrowheads for the camp.

They participated in craft classes taught by Thelma Addeson and Mary Ann Beck, leather work taught by Greg Orly, Bard Smith, Cheryl Favot, games II with Barb Smith, BB gun taught by Michael Favat, archery taught by Robert Dutte, nature taught by Tammy Adams and Susan Bennett, pre-opening OA Scout Steve Kloth with Geraldine O'Connor, obstacle course with Dan Cone, refreshments handled by Sharlene Adams and Henry Cone, registration coordinated by Sharlene and Tammy Adams, songs and awards by Goldie Hoffman and first aid with Huey Sole.

Special activities included a bear hunt, led by District Executive Terry Miner and Indian dancers by the Order of the Arrow Boy Scouts.

Some of the projects the boys took home were a bleach bottle Feed the Clown, coffee can stilts and eye glass pens. They also sampled hobo stew and pigs in a blanket made in the fire making and cooking sessions, taught by Susan Clemons and OA Scout Steve Kloba.

An orange juice and cookie mid-morning break preceded skits and songs, of which

"Tarzan of the Apes" was the favorite tune. Each boy attending the camp earned a patch and credits in their Wolf and Bear books.

Collyers hold 35th reunion

The 35th annual Collyer reunion was held at Lysle and Sue Collyer's home on Judd Road in Sumpter Township recently.

Some 130 descendants of Humphrey and Mary (Day) Collyer attended. Even though it was a hot day, everyone enjoyed all the varieties of delicious foods and desserts for the pot luck picnic.

The afternoon was fun-filled, with a baseball game mixed with the youngsters and some "still very spry elders."

There were also games and prizes for the children 16 and under. Then there was a game of "How Many?" and "When?" with all the adults participating.

It was a lot of fun adding and subtracting the ages and the years. A special gift was given to Lysle and Sue for having the gang over.

Officers elected for the following year were President, Russell Collyer; Secretary, Maggie (Collyer) Oskey; Game Committee, Virginia (Collyer) Banotai, Adonna (Collyer) Demski, Mrs. Art (Virginia) Collyer and Candy (Demski) Bouchillon.

The weddings, births and deaths were recorded for the past year.

Barbara Cook and Doug Hurd were the newlyweds, married the day before, July 21. Tiffany Godsey, born Oct. 28, 1983, daughter of Rick and Debbie Godsey was the newest arrival Mrs. Sylvia (Collyer) Fowler was the eldest guest at 75 years of age.

Mrs. Marie (Perkins) Noble from Mesa, Arizona, Michea Hufford from Van Couver, Washington, and Linda Ballard of White House, Ohio, traveled the furthest distance. Other descendants came from Sumpter, Belleville; Willis, Romulus, Wayne, Westland, Canton, Ypsilanti, Saline, Maybee, Adrian, Farmington Hills, Palmyra and Hale.

The gang is looking forward to an even more exciting and fun-filled day next year.

ELECT RALPH V. DUGAN

SUPERVISOR HURON TWP.

"A SUPERVISOR WHO WILL FIGHT FOR YOU"

- Any transfer of sewer and water money to the General Fund will have to be at least approved at an Annual Meeting.
- I think that it is a disgrace that Western Wayne Co., the birth place of the automobile and the arsenal of democracy still is mud-bound every spring like it was 75 years ago.
- Transferring water and sewer fund amounts to taxation without a vote of the people.
- Many properties in Huron Township are over assessed for property taxes. At present there are so few valid property sales in Huron Township that it is impossible to arrive at fair market and values. I will correct this problem if elected.
- It also appears that our police department is attempting to take over our township board. This maneuver does not in my opinion serve the best interests of this township.
- We will also return to the days of more viable annual meetings.
- I do not have any relatives in this township or do I owe any particular group any favors. My campaign is being financed solely by family funds.

impaired with a minimal brain dysfunction. His disability soon began to affect his ability to speak which then began to greatly modify his behavior. He began exhibiting action patterns that were outside of the norm, resulting in his creating disturbances in the classroom and with his peers. He became more and more difficult for me to manage from a discipline standpoint. It was an untenable situation, which required an inordinate amount of strength and guidance from me; strength and guidance that I was not always able to give. After many years of stress and "handling things on my own," I met my husband, fell in love and in September of 1982, we were married. My son's behavior immediately began to im-

prove. My husband showed him an enormous amount of love and affection, coupled with clearly showing him that certain behaviors would no longer be accepted. My son seemed to inherently understand that his "new father" loved him and that love had to be earned.

During the beginning months of our marriage, my entire life had turned around. I soon became pregnant with my daughter who was born on October 23, 1983. We were a very happy, vital, stable and content family who lovingly complemented each others' needs.

In February, 1984 my husband was transferred to Germany and the base provided no housing. We are now alone, frightened and without the resources that we

need to function as a family. As each day goes by my son becomes more and more troubled. I spend many, many hours with his teachers in an attempt to amicably resolve his increasingly difficult behavior patterns. Presently, he is working far below his potential and is causing problems in the classroom. I am in a position of trying to spread myself between my five-month-old daughter and my 9-year-old son. I am not always successful. We were a strong healthy family; this is no longer true. We must be back together for the sake of all of us, but, most importantly,

for my son's sake. He needs his father. A father and son should not be separated; it is unnatural in the eyes of God.

Please accept this letter in the spirit in which it is intended. We want to be reunited as a family unit. Please transfer my husband and my son's father back to the United States so that we may continue to love, work and grow together.

Sincerely, C

RESOLUTION: The U.S. Army did not consider this situation enough of a hardship and did not transfer C's husband back to the states.

Sumpter Township Clerk

Background	 Robert Demski Age: 57. Occupation: retired (former Ford Motor employee). Married, seven children. Lifelong resident. Organizations: Sumpter Township Democratic Club, Tri-County Democratic Club, National Police Officers Association.	 Richard Pokerwinski Age: 38. Occupation: Ford Motor Company employee. Married, two children. Lifelong resident. Organizations: Sumpter Township Site Approval Board, Sumpter Social Civic Club, 15th District Democratic Club (executive board).	 Constance Ryckman Occupation: Retired (former insurance agent). Married, two children. Sumpter resident six years. Organizations: Fred C. Fischer Library Board (Sumpter representative), former member of President's Club of Greater Detroit Chamber of Commerce.	Photo not available Joan Oddy A candidate on the Hoffman slate, Oddy did not return a questionnaire and photo to Associated Newspapers.
	Political slate	Elmer Parraghi.	Mike Huziak.	Don Juchartz.
	Why do you feel you are qualified to fill this position?	Having been a part of the previous administration as clerk (1974-76) and supervisor (1977-1978), I know what our township's needs are. And I feel I can help fulfill those needs for all our people.	I was a past trustee (1980-82) and I have been involved in township affairs for the last ten years.	During the latter part of my 30 years with Marsh & McLennan Insurance Agency, I administered a state mandated non-profit organization with an annual multi-million dollar budget, where I acquired the skills of organization, working with government controls, balanced budgeting, and the ability to cooperate with a working board.
	What do you feel are the major issues in this election?	Our police department must be brought back up to where it was four years ago with more officers for the protection of our citizens. Confidence in our officials once again and not all this confusion and disagreement that has been going on. Bring our sports back into the township not to pay money for a chosen few to play out of the township. Re-evaluate our property taxes so everyone pays their equal share.	1. Landfills. To seek alternative ways for human disposal. 2. Water. To see that everyone in Sumpter has the opportunity to have city water. 3. Drains. To acquire funds for better drainage. 4. Roads. To acquire funds as Ypsilanti did to pave all roads.	The main issue is whether the people will choose to live with the same old problems, or opt for a change. Many of the candidates are those who have been our leaders over the past five years and have yet to solve Sumpter's problems. It is not just poor drainage, bad roads, landfills and a lousy image, but our budget is in jeopardy, being strained beyond its capacity and there is talk of further unneeded expenditure when we should be tightening our belt to avoid additional taxation.

Diet Pill Sweeping U.S.

New Grapefruit 'Super Pill' Gives Fast Weight Loss

No Dieting - Eat All You Want Pill Does All the Work

BEVERLY HILLS, CA. (Special)—An amazing new "super" grapefruit pill has recently been developed and perfected that reportedly "guarantees" that you will easily lose at least 10 pounds in 10 days. Best of all, it allows you to "eat as much as you want of your favorite foods and still lose a pound a day or more starting from the very first day until you achieve the ideal weight and figure you desire."

This "super" grapefruit pill is a dramatically improved version of the world famous grapefruit diet. It is far more effective than the original and eliminates "the mess, fuss, and high cost of eating half a fresh grapefruit at every meal."

"Pill Does All the Work" According to the manufacturer, "the pill itself does all the work while you quickly lose weight with NO starvation "diet menus" to follow, NO calorie counting, NO exercise, and NO hunger pangs." It is 100% safe. You simply take the pill with a glass of water before each meal and the amazing combination of powerful ingredients are so effective they take over and you start losing weight immediately.

Pill Has ALL Daily Vitamins The powerful and unique combination of ingredients are what make this a "super-pill". It contains highly potent grapefruit concentrate and a diuretic to help eliminate bloat and puffiness. No need to take any vitamins to maintain your good health and energy. The pill is fortified with ALL (100%) of the U.S. Government daily vitamin requirements.

Contains Japanese 'Glucomannan' Each pill also contains an amazingly effective amount of "glucomannan", the remarkable natural dietary fiber discovery from Japan (used successfully for over 1500 years) that expands in your stomach and gives you a full and satisfied feeling all day long.

The super-pill is already sweeping the country with glowing reports of easy and fast weight loss from formerly overweight people in all walks of life who are now slim, trim, and attractive again.

Now Available to Public You can order your supply of these highly successful "super" grapefruit pills (now available directly from the manufacturer by mail order only) by sending \$12 for a 14-day supply (or \$20 for a 30-day supply, or \$35 for a 60-day supply) cash, check, or money order to: Citrus Industries, 9903 Santa Monica Bl., Dept. W24, Beverly Hills, Calif. 90212. (Unconditional money-back guarantee if not satisfied.) Visa, MasterCard, and Amer. Express OK. (Send card number, expiration date, and signature.) 3. Card of Thanks
PRAYER TO THE HOLY SPIRIT. "Holy spirit, You Who make me see everything & Who show me the way to reach my ideal, You Who give me the divine gift to forgive & forget the wrong that is done to me & You Who are in all instances of my life with me, I, in this short dialogue, want to thank You for everything & confirm once more that I never want to be separated from You no matter how great the material desires may be. I want to be with You & my Loved Ones in Your perpetual glory. Amen. Thank You for Your love toward me & my loved ones."
Pray this prayer 3 consecutive days without asking your wish: after 3rd day, your wish will be granted no matter how difficult it may be, then promise to publish this prayer as soon as your favor has been granted M.S.

The Olympic pledge

TOM MOORADIAN
Sports Editor

At 10:30 a.m. yesterday, on an American Airlines' flight, Mr. and Mrs. James Jones and Coach Dennis Shillingford, left Romulus Metropolitan Airport bound for the "City of Angels", Los Angeles.

The Joneses and Shillingford will attend the 23rd Olympiad where the Joneses' son, Earl, will be competing for the U.S. Track & Field team in the 800-meter run.

The trip by the trio was made possible by a "caring community", the hard work of a group of men and women called "The Earl Jones Committee" and contributions from you.

The committee raised the \$7,000 in order to send Earl's parents and his former coach to the historic occasion. And history is being made in Los Angeles where, despite the absence of the Eastern Block countries who, led by the Soviet Union, boycotted the Olympics, records fall in almost every event.

"We wish to thank each and everyone who contributed to the fund that helped send Mr. and Mrs. Jones and Coach Shillingford to the Olympics," said Lewis Jackson, director of the Inkster Parks and Recreation Department and chairman of the committee.

"This is a community with a heart and a conscience and, believe me," Jackson continued, "if you had seen the faces of Earl's parents when we told them they're going to see their kid run in the Olympics, well, it was really something."

Before they took off for Los Angeles, Councilman Ernest Hendricks and his wife accompanied the Joneses on a local shopping trip to purchase what they would need for the Olympic adventure. Mr. Jones purchased a new suit, while Mrs. Jones bought a "dress for the big occasion."

Shillingford said that to win the gold Earl Jones would have to survive two grueling preliminary heats, a semi-final, then the finals. The prelims begin on Aug. 3; the finals are set for Aug. 6.

"I figure there are about 300 athletes who will run in the 800," Shillingford said, "and the first two heats should pose no problem, but when you get down to the semi-finals the road will get tougher. On August 6, the survivors of the preliminary heats will decide who will get the gold."

"Earl has worked long and hard for this opportunity and, believe me, he is going to give it everything he's got," he added.

Shillingford, who is 35 and a former assistant coach at Taylor Center where Jones attended school and made national history in track, recalled at incident when Earl was over at

Jones runs for the Gold on Friday

With more than 2 billion viewers scheduled to watch the competitions on TV, local track star, Earl Jones, will make his inaugural appearance at the 23rd Olympic Games Friday evening in the preliminary heats of the 800-meter run.

Jones, a native of Inkster who prepped at Taylor Center and is presently a sophomore at Eastern Michigan University, carries this area's hopes and dreams at the Los Angeles' Olympics.

"Earl has as good a chance of winning than anyone," says Dennis Shillingford, former coach. "Our prayers are with him."

Jones, a 6-foot, 160-pounder, established an American record of 1:43.74 to win the event at the U.S. Olympic Trials

held June 19 at the Los Angeles Coliseum.

The 19-year-old athlete will be in world class company when he steps onto the track at the Coliseum. He will have to contend with teammate Johnny Gray who he nosed out at the trials, along with the best 800-meter men on this globe.

In the meantime, the "Earl Jones Committee" reported this week that they have raised the money to send Mr. and Mrs. James Jones, Earl's parents, to the Games. Mr. and Mrs. James Jones left yesterday (Tues., July 31) for Los Angeles, a spokesperson for the Inkster Parks and Recreation said.

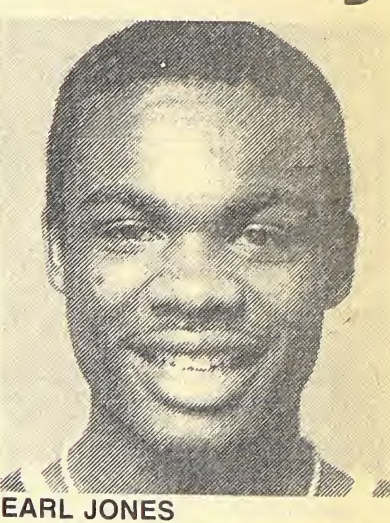

Jones will run in the prelims on Aug. 3 through Aug. 5. The finals for the 800-meters is scheduled for Aug. 6.

"Although we have raised the money to send Earl's parents to the Games," said Lewis Jackson, director of parks and recreation, "we are continuing to ask for funds in order to stage an 'Earl Jones Day' after he returns to the city. We're hoping that each and every citizen in the area will be there to greet Earl when he returns."

"As we all know, he has helped put Inkster on the map," Jackson concluded.

Those wishing to make donations should make their checks payable to the "Earl Jones Committee" and mail the check to the Inkster Recreation Department, 2121 Middlebelt.

For further information, please contact Jackson at 728-7530.

Junior golfers, attention

The Annual Junior Golf Tournament directed by the Westland Parks and Recreation Department is set for August 10, at the Westland Municipal Golf Course, located on Merriman Road south of Cherry Hill Road.

The tournament organized by the Recreation Department and sponsored by Burger King Restaurant is open to all boys and girls ages 11 through 16 years. The registration fee of \$5.50 includes green fees, golf balls, food and prizes.

Burger King is furnishing champion and runner-up trophies for each flight of boys and girls. The competition is by age class, 11 and 12 years, 13 and 14 years and 15 and 16 years.

Entry forms are available at the golf course, 500 S. Merriman Road, or the Burger King Restaurant at 120 S. Merriman at Cherry Hill.

Horseshoe champs

Andy Fadina of Dearborn and Jim Campbell of Wayne teamed up to capture the doubles championship at the second annual Belleville Horseshoe Tournament.

Their successful efforts netted each a complimentary dinners for two at the Brass Belle Restaurant.

Mild Supina and Harold Persinger, both from Belleville, battled their way through three tight matches to reach the finals, where they fell to Fadina and Campbell, 21-10. The runners-up received \$10 gift certificates, courtesy of Moss Brothers clothes store.

Bob Roberts of Wayne and Jim Morris of Dearborn took third place honors. The doubles tournament was the last in a three-part series of tournaments which were co-sponsored by the Belleville Parks and Recreation Commission and the Belleville Bridge Builders.

Best in Pee Wee baseball

The Westland Federation Baseball Club's Pee Wee team posted a 30-2 won-lost record and captured two league championships during the 1984 campaign. "It's one of the best teams I've ever coached," says manager Joe Cooley whose team traveled to Battle Creek last week to compete in the Reese District Playoffs. The team will also be hosting the state's Continental Amateur Baseball Association's tournament in August. The winner will advance to the World Series scheduled for August 12 in Reynoldsburg, Ohio. members of the team are: Brett Oyer (front row, from left), Billy McCaig, Brian Stephenson, David Zojac, Scott Nastally, Tom Luxton and Bobby Lawrence; second row are Lawrence Scheffer, Chris Vansant, Eric Stover, Ryan Potter, Scott Hathorne, Roger Ayers, Jayson Mitchell, and Brad Bingham; third row are managers Pat Smith, Joe Cooley and Tom Smith.

Tennis classes offered

The Inkster Parks and Recreation Department is conducting tennis classes for beginners, intermediate and advanced players.

There will also be a "tennis camp" which will get together at 9 a.m. on Monday through Friday for the next six weeks. Classes meet one hour per day five days a week.

For further information, please contact the recreation department at 728-7530.

Meanwhile, the Giants' offense came to life in the first inning when catcher Joe Basiaga led off with a walk and raced all the way home when the Cowboys' attempt to nab him at second base on a steal went awry.

The Giants put the game away

in the second inning when they sent 11 men to the plate. Tim Salada led off the surge with a single, then Eric Barber was hit by a pitch, and Mike Walters singled in two runs. A single by Basiaga, two more hit batsmen, and another single by Salada plated five more runs and the Giants led, 7-0.

But the Cowboys hadn't posted a 13-1 record and a league championship for nothing. They cut

The Sports Meridian

Continued from Page 1-D his house in 1981. "We were sitting there and talking. I had a magazine about track & field and, on one of the pages, was this Olympic symbol — the five rings — and Earl wrote his name in them. He said then 'I'm going to be there. I'm going to compete in the Olympics.'" "When he left the house I cut that piece of paper out of the magazine. Shillingford related. "When Earl left for Los Angeles to join the U.S. team, I gave him that piece of paper and reminded him of his pledge." The time has come. The place is Los Angeles. God give Earl Jones the speed and the wisdom to handle victory or defeat.

Talk with Shawn Burr

In the recent National Hockey League player draft the Red Wings chose Shawn Burr in the first round, the seventh over-all player taken. Last year, the Wings did well in the draft. Their first two picks made the team and did very well. Top choice Steve Yzerman had more points than any rookie in the league. And came within a whisker of winning "Rookie of the Year" in the NHL. Their second pick, Lane Lambert was a 20-goal scorer and a good checker. Will Detroit be as lucky this season? Only time will tell. On Monday I had a chat with Shawn Burr and here's how it went: Me — Tell me about your background. Burr — I was born in Sarnia, Ont. I started skating at age 4, and began playing organized hockey the next year. I played all my minor hockey from novice to midget in Sarnia. Then I got drafted by Kitchener in the Ontario Hockey League last year, played there, and here I am. Me — You won 'Rookie of the Year' in the O.H.L., scoring 41 goals and getting 45 assists. You must have been satisfied with your season. Burr — I played on a good team. We won the league. I got a chance to play right away. Their top center, John Tucker, was called up to Buffalo at the start of the season and that opened up the door for me.

Padres capture title

With an over-all 13-5 won-lost record, the Padres stashed away the 1984 Belleville Senior Baseball League championship. Members of the championship team include Doug Icaasson (from left, kneeling), Doug Westlake, Tim Sobocinski, David Burke, Steve Icaasson, Mike Davis, Mike Cooper and Dennis Thick; in the second row are Coach Fred Dilts, Eric Snider, David Skeans, Matt Stoelton, Jeff Budd, Charlie Dilts, Max Sobocinski and manager Mort Stoelton.

CITY OF ROMULUS

CHAPTER VI, ARTICLE 4(B).3

AN ORDINANCE TO AMEND CHAPTER VI, ARTICLE 4(B) 2, THE ELECTRICAL CODE OF THE CITY OF ROMULUS BY ADOPTION OF THE TECHNICAL RULES OF THE ELECTRICAL RECIPROCAL COUNCIL INCORPORATED

WHEREAS: The City of Romulus deems it in the best interest of the City and its citizens to amend the 1984 Edition of the National Electrical Code.

THE CITY OF ROMULUS ORDAINS:

SECTION I. SHORT TITLE: Amended Electrical Code

SECTION II. Rule 1. Circuit Interconnection
Section 210-11 is added to read as follows:
210-11. Neutral and ungrounded circuit conductors for two, three, or four wire circuits shall originate at the same outlet or panel. Neutral and/or ungrounded conductors for circuits shall not be tapped from different locations in the wiring system.

SECTION III. Rule 2. Motor-Operated and Combination Loads.
Section 210-22 (a) is amended to read as follows:
210-22. (a) Motor-Operated and Combination Loads. Where a circuit supplies only motor-operated loads, Article 430 shall apply. Where a circuit supplies only air conditioning and/or refrigerating equipment, Article 440 shall apply. Fixed appliances with motors larger than ¼ h.p. rating shall be connected to circuit supplying motors only.

SECTION IV. Rule 3. Laundry Receptacle Outlets.
Section 210-50 (c) is amended as follows:
210-50. (c) Laundry Outlet. Laundry equipment duplex receptacle in dwelling units shall be mounted on the wall not higher than forty-eight (48) inches (1.22 m) above the floor within 6 feet (1.83 m) of the intended location of the equipment. A laundry lift pump of less than one-sixth (1/6) h.p. shall be permitted to be connected to the laundry circuit.

SECTION V. Rule 4. Dwelling Unit Receptacle Outlets.
Section 210-52 is amended to read as follows:
210-52. (a) General Provisions. In every kitchen, family room, dining room, living room, parlor, library, den, sun room, bedroom, recreation room or similar rooms of dwelling units, receptacle outlets shall be installed so that no point along the floor line in any wall space is more than 6 feet (1.83 m), measured horizontally, from an outlet in that space, including any wall space 2 feet (610 mm) or more in width and the wall space occupied by sliding panels in exterior walls. The wall space afforded by fixed room dividers, such as free-standing bar-type counters, shall be included in the 6 foot (1.83 m) measurement.
As used in this section a "wall space" shall be considered a wall unbroken along the floor line by doorways, fireplaces, and similar openings. Each wall space 2 or more feet (610 mm or more) wide shall be treated individually and separately from other wall spaces within the room. A wall space shall be permitted to include two or more walls of a room (around corners) where unbroken at the floor line.
(FPN) The purpose of this requirement is to minimize the use of cords across doorways, fireplaces, and similar openings.
Receptacle outlets shall, insofar as practicable, be spaced equal distances apart. Receptacle outlets in floors shall not be counted as part of the required number of receptacle outlets unless located close to the wall.
The receptacle outlets required by this section shall be in addition to any receptacle that is part of any lighting fixture or appliance located within cabinets or cupboards.
Exception: Permanently installed electric baseboard heaters equipped with factory-installed receptacle outlets provided as separate assembly by the manufacturer shall be permitted as the required outlet or outlets for the wall space utilized by such permanently installed heaters. Such receptacle outlets shall not be connected to the heater circuit.
Receptacle outlets located more than twenty-four (24) inches (610 mm) above the floor or more than twenty-four (24) inches (610 mm) above a fixed work surface they are intended to serve and pendant receptacle outlets are not to be counted as any of the receptacle outlets required by section 210-52 and 210-60 of the National Electrical Code except as provided for in laboratories.
210-52. (b) Counter Tops. In kitchen and dining areas of dwelling units a receptacle outlet shall be installed at each counter space wider than 12 inches (305 mm). Counter top spaces separated by range tops, refrigerators, or sinks shall be considered as separate counter top spaces. Receptacles rendered inaccessible by appliances fastened in place or appliances occupying dedicated space shall not be considered as these required outlets.
210-52. (c) Bathrooms. At least one duplex receptacle outlet shall be installed on the same wall as the wash basin or on a wall immediately adjacent to the wash basin. The receptacle shall not be more than four (4) feet (1.22 m) from any wash basin and shall be installed not less than thirty (30) inches (762 mm) and not more than forty-eight (48) inches (1.22 m) above the floor and rated 15 amperes, 125 volts. See Section 210-8 (a) (1).
210-52. (d) Outdoor Outlets. For a one-family dwelling at least one receptacle outlet accessible at grade level shall be installed outdoors. For a two-family dwelling at least one receptacle outlet accessible at grade level shall be installed outdoors for each dwelling unit which is at grade level. See Section 210-8 (a) (3).
210-52. (e) Laundry Areas. In dwelling units at least one duplex receptacle outlet shall be installed for the laundry.
Exception No. 1: In a dwelling unit that is an apartment or living area in a multi-family building where laundry facilities are provided on the premises that are available to all building occupants, a laundry receptacle shall not be required.
Exception No. 2: In other than one-family dwellings where laundry facilities are not to be installed or permitted, a laundry receptacle shall not be required.
Exception No. 3: In a dwelling that is a unit in a hotel, motel, motor court, or motor hotel, a laundry receptacle shall not be required.
210-52. (f) Basement and Garages. For a one-family dwelling at least one receptacle outlet in addition to any provided for laundry equipment shall be installed in each basement and in each attached garage. See Section 210-8 (a) (2).
210-52. (g) Halls, Corridors, Etc. Multi-family dwellings shall have at least one receptacle outlet for each twenty-five (25) linear feet (7.62 m) or major fraction of hall length.
210-52. (h) Attics. Unfinished attic space in dwelling type occupancies adaptable for living which is accessible by permanent stairs shall be provided with at least one receptacle outlet which shall be wired on an independent circuit at least 15 ampere capacity.

SECTION V. Rule 5. Receptacle Outlets (in other than Dwelling Type Occupancies).
Section 210-63 is added as follows:
210-63 Receptacle outlets (in other than dwelling type occupancies). (A) Receptacle outlets shall be supplied by a circuit of minimum 20 ampere capacity in industrial plants, machine shops, service garages, gasoline stations, or similar occupancies.
(b) Receptacle outlets in commercial buildings shall include not more than nine (9) on circuits of 20 ampere capacity and not more than six (6) on circuit of 15 ampere capacity.
(c) Receptacle outlets shall not be connected to circuits supplying general lighting including office portions of buildings.
(d) A readily accessible duplex receptacle, fed from any 120 volt receptacle circuit, shall be installed on the roof within 50 feet (15.24 m) of each roof top heating, air conditioning and refrigeration unit or any combination of these units.

SECTION VI. Rule 6. Lighting Outlets Required in Dwelling Occupancies.
Section 210-70 is amended to read as follows:
210-70. Lighting Outlets Required. Lighting outlets shall be installed where specified in (a) through (d) below.
210-70. (a) Dwelling Unit(s). At least one wall switch controlled lighting outlet shall be installed in every habitable room; in bathrooms, hallways, stairways, and attached garages; and at outdoor entrances.
(FPN): A vehicle door in an attached garage is not considered as an outdoor entrance.
At least one lighting outlet shall be installed in an attic, under-floor space, utility room and basement only where these spaces are used for storage or contain equipment requiring servicing.
Wall switches located for convenient and readily accessible use shall

be required for all ceiling lighting outlets, except closets, storage spaces, and unfinished basements. Lighting outlets over sink and dinette portions of kitchens and halls, vestibules, and at outdoor entrances, shall not be combined in any manner and shall be switched separately. If more than one lighting outlet is installed in any one of these areas, such lighting outlets shall be permitted to be combined on a single switch.
Laundry lighting outlet in dwelling type occupancies shall be provided for use in the laundry area and shall be permitted to be connected to the same circuit which supplies the laundry equipment receptacle outlet.
Exception No. 1: In habitable rooms, other than kitchens, one or more receptacles controlled by a wall switch shall be permitted in lieu of lighting outlets.
Exception No. 2: In hallways, stairways, and at outdoor entrances, remote, central, or automatic control of lighting shall be permitted.
210-70. (b) Guest Rooms. At least one wall switch-controlled lighting outlet or wall switch-controlled receptacle shall be installed in guest rooms in hotels, motels, or similar occupancies.
210-70. (c) Basement Lighting. Basements in dwelling type occupancies shall be wired for a minimum of one lighting outlet in each 200 square feet (18.58 sq. m) or major fraction of area for use in general illumination. All enclosed areas that may be walked into such as toilet rooms, fruit storage rooms, excavated areas under porches, etc., shall be provided with at least one lighting outlet (except coal bins).
210-70. (d) Stairways and Hallways (in Dwelling Type Occupancies). (1) Stairways shall be provided with a lighting outlet or outlets so placed that each stair section shall be adequately illuminated. Such lighting outlets for basement, second floor or attic stairs shall be located directly over stairway section or at head or foot of stairs. These lighting outlets shall not be counted as comprising any of the required lighting outlets for basements, attic rooms, etc.
(2) All stairway lighting outlets shall have multiple switch control at head and foot of stairway unless supplied by house meter and controlled by time clock or controls accessible to authorized persons only.
(3) Unless served from separate house meter, stairway lighting outlets shall be supplied from circuits of the dwelling units using the stairway.
(4) Hallway Lighting. A minimum of one lighting outlet shall be installed for each twenty-five (25) feet (7.62 m) or major fraction thereof.

SECTION VII. Rule 7. Switches (in other than Dwelling Type Occupancies).
Section 210-71 is added as follows:
210-71. Switches (in other than Dwelling Type Occupancies). (a) Switches shall be installed to control general lighting outlets. These switches may be wall switches or disconnecting means incorporated in a readily accessible distribution panel. Individual switches to control specific fixtures shall be permitted to be installed if desired. A switch adjacent to entrances to all areas that may be walked into shall be provided to control a fixture or fixtures located so as to furnish sufficient illumination for persons to see their way into those areas.
(b) All stairway lighting outlets shall have multiple switch control at head and foot of stairway unless supplied by house meter and controlled by time clock or controls accessible to authorized persons only.

SECTION VIII. Rule 8. Branch Circuits Required; Space Heating Equipment.
Section 220-3 (e) is added as follows:
220-3. (e) Space Heating Equipment
(1) At least one (1) individual branch circuit of not less than 15 ampere capacity shall be installed for the heating equipment.
(2) Only those motors which are an integral part of the heating equipment shall be permitted to be connected to the circuit required by 220-3 (e) (1).

SECTION IX. Rule 9. Service Disconnects.
Section 230-70 (a) is amended to read as follows:
230-70. (a) Location. The service disconnecting means shall be installed either inside or outside of a building or other structure at a readily accessible location nearest the point of entrance of the service conductors.
In dwelling type occupancies, service equipment and distribution panels shall not be located in coal bins, bathrooms, lavatories, or clothes closets. Where practical, they shall be located in the basement, utility room or garage. In single and two-family dwellings, this equipment shall be at least four (4) feet (1.22 m) from the floor and shall not be subject to mechanical injury or shall be provided with suitable protection. Sufficient clearance and accessibility shall be provided when installed near laundry trays, oil tanks, or other permanently installed obstructions.

SECTION X. Rule 10. Grouping of Disconnects.
Section 230-72 (a) is amended to read as follows:
(a) General. The two to six disconnects as permitted in Section 230-71 shall be grouped. Each disconnect shall be marked to indicate the load served.
Exception No. 1: One of the two to six service disconnecting means permitted in Section 230-71, when used only for a water pump also intended to provide fire protection, shall be permitted to be located remote from the other disconnecting means.
Exception No. 2: The service disconnecting means for electric central air conditioning for one and two-family dwellings, located adjacent to the outdoor meter cabinet, shall be permitted.

SECTION XI. Rule 11. Methods of Grounding Frames of Ranges and Clothes Dryer.
Section 250-60 (c) is amended to read as follows:
250-60. (c) The grounded conductor is uninsulated and part of a Type SE service-entrance cable and the branch circuit originates at the service equipment. (FPN) The grounded conductor shall not be used as the equipment grounding conductor unless it originates from the main service entrance equipment.

SECTION XII. Rule 12. Electrical Nonmetallic Tubing; Uses Permitted
Section 331-3 has been amended to read as follows:
331-3. Uses Permitted. Electrical, electrical nonmetallic tubing and fittings shall be permitted to be used in one- and two-family dwellings, multi-family dwellings and other structures: (a) in walls, floors, and ceilings; (b) in locations where subject to chemicals for which the materials are specifically approved; (c) in dry and damp locations not prohibited by Section 331-4; (d) for exposed work where not subject to physical damage; (e) where the potential is 600 volts or less.

SECTION XIII. Rule 13. In Accessible Attics
Section 333-12 (c) is added as follows:
333-12. (c) Wiring in Attics. Nonmetallic-sheathed cable and armored cable installed in attics of dwelling type occupancies shall conform to Section 336-9 National Electrical Code except, if headroom in any portion of the attic is four (4) feet (1.22 m) or over, wiring shall be installed as concealed wiring at least to the point where headroom is reduced to three (3) feet (9.14 mm). In livable attics, or attics adaptable under the building code for future living, wiring shall be installed as concealed wiring at least to a point of one (1) foot (305 mm) clearance of roof rafters and attic floor joists.

SECTION XIV. Rule 14. Types NM and NMC Cables; Uses Permitted or Not Permitted.
Section 336-3, first paragraph, is amended to read as follows:
336-3. Uses Permitted or Not Permitted. Type NM and type NMC cables shall be permitted to be used in one- and two-family dwellings, multifamily dwellings and other structures.

SECTION XV. Rule 15. Lighting and Appliance Branch-Circuit Panelboard Individually Protected.
Section 384-16 (a) Exception No. 2 is amended as follows:
Exception No. 2: Individual protection for lighting and appliance branch-circuit panelboards is not required where such panelboards are used as service equipment in supplying an individual residential occupancy.

SECTION XVI. Rule 16. Installation of Lampholders.
Section 410-49 is amended to read as follows:
410.49. Lampholders in Wet or Damp Locations. Lampholders installed in wet or damp locations shall be of the weatherproof type.
(A) Porcelain or metal shell sockets used as cord pendant lighting outlets shall not be permitted within reach of grounded portion of buildings.

SECTION XVII. Rule 17. Residential Food Waste Disposers.

Section 422-8 (e) is added as follows:
422-8. (e) Residential food waste disposers. All such equipment and controls in dwelling type occupancies shall be provided with an independent disconnecting means within sight of the equipment and shall be readily accessible. Food waste disposers of one-half horse-power or less shall be wired only with heavy duty 3-wire minimum No. 16 hard service cord and approved cap and 3-wire "U" slot grounding type receptacles. On new construction, a disconnect switch shall be mounted in the wall adjacent to the sink.

SECTION XVIII. Rule 18. Space Heating Equipment (other than Electric Heat).
Section 422-21 (c) is added as follows:
422-21. (c) Space Heating Equipment (other than Electric Heat). (1) A readily accessible disconnect switch shall be mounted on the exterior of the heating equipment or on a surface adjacent to the heating equipment.
(2) Heating equipment which is not readily accessible shall have an additional disconnect installed at the nearest readily accessible location.

SECTION XIX. Rule 19. Elevator Room Lighting and Outlet.
Section 620-73 is added as follows:
620-73. Elevator rooms shall be wired for at least one lighting outlet controlled by a wall switch and one receptacle outlet.

SECTION XX. Rule 20. Physical Protection.
Section 725-18 is amended by the addition of 725-18 (a).
725-18. Physical Protection.
(a) Low energy wiring, remote control, signaling, and power limited circuits.
(1) Conductors shall run parallel to or through joists.
(2) Conductors shall run parallel to beams and/or pipes if within one (1) inch (25 mm), or shall be run or sill plates.
(3) Low energy wiring shall comply with (1) and (2). Vertical drops of conductors to furnaces, heaters etc., shall be mechanically protected by securing to gas or oil pipes or electrical raceways, or securing to ducts, frame structures or back boards, or installing in metallic or nonmetallic raceways, or forming in spiral coils for vertical drops of eighteen (18) inches (457 mm) or less.

SECTION XXI. Rule 21. Article 517, Part C
Sections 517-31 and 517-32 are added to read as follows:
517-31.* Wiring, Grounding and Receptacles. Wiring, grounding and receptacle installations shall be in accordance with Sections 517-10 and 517-11.
517-32.* Essential Electrical System.
(a) General. The requirements of this section shall apply to those health care facilities described in Section 517-30, in which:
(1) Inhalation anesthetics are administered in any concentration to patients, or
(2) Patients require electrically operated or mechanical life support devices.
(b) Scope. The essential electrical system for these facilities shall comprise a system capable of supplying a limited amount of lighting and power service which is considered essential for life safety and orderly cessation of procedures during the time normal electrical services is interrupted for any reason.
(c) Connections. The essential electrical system shall supply power for,
(1) Task illumination which is related to the safety of life and which is necessary for the safe cessation of procedures in progress.
(2) All anesthesia and resuscitative equipment used in areas where inhalation anesthetics are administered to patients including alarm and alerting devices.
(FPN): See Nonflammable Medical Gas Systems, NFPA 56F-1977, Chapters 3 and 6.
(3) All electrically operated and mechanical equipment in areas where procedures are performed that require such equipment for the support of the patient's life.
(d) Alternate Source of Power.
(1) Power Source. The alternate source of power for the system shall be specifically designed for this purpose and shall be either a generator, battery system, or self-contained battery integral with the equipment.
(2) System Capacity. The alternate source of power shall be separate and independent from the normal source and shall have a capacity to sustain its connected loads for a minimum of 1½ hours after loss of the normal source.
(3) System Operation. The system shall be so arranged that, in the event of a failure of the normal power source, the alternate source of power shall be automatically connected to the load within 10 seconds.
(FPN): See Essential Electrical Systems For Health Care Facilities, NFPA 76A-1977, Section 6-6.2, Description of Transfer Switch Operation With Engine Generator Sets, and Section 6-6.3, Description of Transfer Switch Operation With Battery Systems.

SECTION XXII. Rule 22. Chapter 10 of the Code is added as follows:
1000-1. Minimum Standards For Existing Dwelling Units.
1000-1. If visual inspection by the authority having jurisdiction reveals that the wiring system of an existing dwelling unit is inadequate, or if code certification for any reason is required or requested, the following minimum standards shall be complied with:
(a) Entrances and Exits. Where two (2) or more entrances and/or exits exist, at least two (2) shall be illuminated by exterior lights. Exterior lights shall be controlled by interior wall switches, located for convenient and readily accessible use.
(b) Living Room. The living room shall be provided with a conveniently located wall switch controlled light or receptacle. The switched receptacle may be one of the required receptacles in the room. Duplex receptacles shall be equally spaced around the walls of the room, one duplex receptacle on each wall; unless the spacing requirements of Section 210-52 (a) are met.
(c) Kitchen. The kitchen shall be provided with illumination. The required illumination shall be controlled by a wall switch located for convenient and readily accessible use.
A separate kitchen appliance circuit shall be provided, supplying a minimum of three (3) grounding type duplex receptacle outlets. Two (2) of these receptacles shall be readily accessible and spaced for convenient use of portable appliances. New appliance circuits shall be 20 ampere capacity.
(d) Bathroom. Bathrooms shall be provided with illumination, controlled by a conveniently located wall switch. A receptacle separate from a light fixture shall be provided. The receptacle shall be at least thirty (30) inches and not more than forty-eight (48) inches above the floor, adjacent to the waste basin and not more than forty-eight (48) inches from the basin.
(e) All Other Habitable Rooms. Habitable rooms shall be provided with a conveniently located wall switch controlled light or receptacle. A minimum of two (2) additional duplex receptacles are required, equally spaced around the room.
(f) Basement. The basement shall have a minimum of one (1) lighting outlet in each 200 square feet or major fraction of area for general illumination. All enclosed areas that may be walked into, (except coal bins) shall be provided with a lighting outlet.
(g) Laundry Area. Laundry areas shall be provided with illumination. This light shall be permitted to be connected to the laundry circuit. A wall mounted grounding type duplex receptacle shall be provided adjacent to the laundry equipment, on a separate circuit. New laundry circuits shall be 20 ampere capacity.
(h) Space Heating System. Heating equipment that requires electricity for operation of any facet shall be provided with an individual circuit. A disconnect switch shall be provided on or adjacent to the equipment. (Exception: Thermo-pile controlled furnaces)
(i) Stairwells. Stairwells shall be adequately illuminated. Lighting outlets shall be controlled by wall switches. Wall switches shall be located for convenient and readily accessible use. Switches shall not be located where it is necessary to use darkened stair sections for their operation. Stairwells connecting finished portions of dwellings shall be provided with multiple switch control: one at the head, the other at the foot of the stairwell.
(j) Service and/or Feeder. The service or feeder to an existing dwelling unit shall be a minimum of 3-wire, 100 ampere capacity. Service equipment shall be dead front, having no live parts exposed whereby accidental contact could be made. All plug type fuses shall

EPA sues Woodland Meadows over dumping

By ROSE MARY REIZ
ANP Staff Writer

The U.S. Environmental Protection Agency (EPA) has filed an administrative suit against Michigan Waste Systems, owners of Canton's Woodland Meadows Landfill-north.

The complaint charges that the Hannon Road facility has violated Federal regulations for the storage and disposal of hazardous waste, and proposes a penalty of \$35,500.

"We're not saying that the Woodland Facility is leaking or that anyone is in danger, only that the EPA does view a significant increase like this as a warning light ..."

— Ron Kolzow, EPA

The suit was filed after the EPA found increases in results of tests that monitor levels of contaminants in groundwater, Ronald Kolzow, an environmental protection specialist for

EPA, said.

The Resource Conservation and Recovery Act requires that groundwater (natural underground pockets of water) in landfills be monitored regularly, with results sent to the EPA.

In monitoring, Kolzow explained, the uppermost layer of water, 25 to 60 feet below ground level, is tested.

"This is not necessarily a source of drinking water," he added, "but the first place any

leakages would show up."

The specialist said that "significant increases" resulted from tests administered at Woodland Meadows in 1983, and that the EPA suit was filed

"We are doing our own testing, and our tests show no contaminants. We maintain that there's no problem there at all."

— Don Reddicliffe, Michigan Waste Systems

in response to those test results and an overall effort to increase regulation enforcement.

"We're not saying that the Woodland facility is leaking or that anyone is in danger," Kolzow stressed, "but only that the EPA does view a significant increase like this as a warning light and something that needs to be checked further."

Kolzow said that the increase surfaced during routine checks performed at all Michigan waste facilities.

"There is obviously a special emphasis on landfills," he said. "We are trying to monitor these facilities to insure that

they're not leaking or, if they are, that we can detect the leaks immediately.

"The suit against Woodland Meadows is one aspect of this, and part of the EPA's new emphasis on enforcement," he added. "We're taking a real good look at how these facilities operate."

Representatives from Michigan Waste Systems contend that the tests used by EPA are inaccurate, registering leak occurrences where there are none.

"We are doing our own testing, and our tests show no contaminants," Don Reddicliffe, director of corporate and public affairs for Michigan Waste

Systems, said. "We maintain that there's no problem there at all."

Reddicliffe stated that although the 105-acre Woodland Meadows landfill is no longer used as a hazardous waste facility, groundwater tests are routinely performed at the site.

"We obviously don't see things in the same light as the EPA does," Reddicliffe said, "and we've instructed our counsel to arrange a meeting to discuss the situation."

Kolzow said he is aware of Michigan Waste System's argument, and admitted that there are problems obtaining accurate readings from any test that tries to measure elements in changing groundwater.

"If the landfill operators can prove that they've got better tests and more accurate readings, we'd be happy to listen," Kolzow said.

"But if the readings are significant and the facility is indeed leaking, we'll want them to monitor for specific wastes."

Groundwater testing was only one of several charges filed by the EPA, which also stated that Michigan Waste Systems failed to monitor an adequate number of wells during testings.

Representatives from Michigan Waste Systems are expected to meet this month with EPA officials to discuss the charges.

Award returns

The Romulus Beautification Committee will re-establish it's Business of the Month Award, starting in August.

The award will go monthly to the business that through self improvement enhances the physical image of the city and embodies the spirit of

making Romulus a better place to live and grow.

Written nominations may be submitted to the Community Relations Office, 11111 Wayne Road, Romulus 48174.

Charle Lau memorial

The first organizational meeting of the Charlie Lau Commit-

tee will be held at 7 p.m. Thursday, Aug. 2 at the recreation center. The purpose of the committee will be to establish a memorial for the late Mr. Lau and seek his nomination to the Michigan Sports Hall of Fame. Lau, who died of cancer early this year, was a former major league player who found his niche as a batting instructor, where he

was considered the best in baseball. His supporters include Reggie Jackson, George Brett and Steve Kemp. Lau set

records while playing for Romulus High School and the city's summer leagues. His father, Charlie Lau, Sr., still resides in

Romulus. Anyone seeking further information on the committee should call 941-0666 and ask for Dennis Davidson.

CITY OF ROMULUS CHAPTER IV ARTICLE 1.55

AN ORDINANCE TO AMEND THE OFFICIAL ZONING MAP OF THE CITY OF ROMULUS, BY REZONING A PORTION OF PROPERTY FROM R-1B (SINGLE FAMILY RESIDENTIAL) TO C2 (GENERAL BUSINESS)

WHEREAS: The City of Romulus deems it in the best interest of the City and its citizens to amend the Official Zoning Map of the City of Romulus.

THE CITY OF ROMULUS ORDAINS:

Short Title: City of Romulus Amended Zoning Ordinance

SECTION I. The Official Zoning Map of the City of Romulus is hereby amended to rezone a portion of property, from R1A (Single Family Residential) to C2 (General Business and described as follows: Lot 916a of the S.W. ¼ of Section 2, 1.77 acres

SECTION II. Severability. Should any section, clause or provision of this ordinance be declared to be invalid, the same shall not affect the validity of this ordinance as a whole or any part thereof, other than the part so declared to be invalid.

SECTION III. Nothing herein shall preclude the City from taking such further action with respect hereto as it would otherwise be empowered to take.

SECTION IV. Effective Date. This Ordinance shall take immediate effect upon publication in the official newspaper.

Linda R. Choate, Clerk
City of Romulus

ATTEST: Beverly McAnally, Mayor
I, Linda R. Choate, Clerk for the City of Romulus, do hereby certify that the foregoing is a true copy of an ordinance adopted by the Romulus City Council at their regular meeting held on 9th day of July, 1984.
Publish: 8-1-84

HURON TOWNSHIP BOARD MINUTES JULY 25, 1984

The regular meeting of the Huron Township Board was held at the Township Hall, 37290 Huron River Drive, New Boston. The meeting was called to order at 8:00 P.M., by Trustee William Geierman. The pledge of allegiance was led by Carl Dubke.

Roll Call: Ashby, Bates, Carey, Gamber, Geierman, Puskar — all present. Haener — absent for due cause.

#725-00 Motion by Gamber Supported by Puskar
Appoint William Geierman to chair the meeting in the absence of Supervisor, A.J. Haener.
Motion Carried Unanimously.

BIDS WERE RECEIVED AND OPENED AS FOLLOWS:

1982 — Plymouth

Dennis Anderson	\$710.00	Earl Sheats	637.00
Frank Marvasco	543.00	Patrick Bates	813.16
Dennis Jonski	635.00		
Robert Dyer	826.00	1981 — Chevrolet	
John Kaminski	701.99	Dennis Jonski	\$857.00
Bruce Wood	275.00	Arts Before & After	225.60
Arts Before & After	235.90	Earl Sheats	357.00
Ernest Ellison	800.00	Carl Ellison	250.00

#725-1 Motion by Bates Supported by Gamber

CITY OF ROMULUS CHAPTER IV ARTICLE 1.54

AN ORDINANCE TO AMEND THE OFFICIAL ZONING MAP OF THE CITY OF ROMULUS, BY REZONING A PORTION OF PROPERTY FROM R-18 (SINGLE FAMILY RESIDENTIAL) TO C-2 (GENERAL BUSINESS)

WHEREAS: The City of Romulus deems it in the best interest of the City and its citizens to amend the Official Zoning Map of the City of Romulus.

THE CITY OF ROMULUS ORDAINS:

Short Title: City of Romulus Amended Zoning Ordinance

SECTION I. The Official Zoning Map of the City of Romulus is hereby amended to rezone a portion of property, from R1B (Single Family Residential) to C-2 (General Business) and described as follows: 05C 8 and 9, NE ¼ Section 5, 2.61 acres

SECTION II. Severability. Should any section, clause or provision of this ordinance be declared to be invalid, the same shall not affect the validity of this ordinance as a whole or any part thereof, other than the part so declared to be invalid.

SECTION III. Nothing herein shall preclude the City from taking such further action with respect hereto as it would otherwise be empowered to take.

SECTION IV. Effective Date. This Ordinance shall take immediate effect upon publication in the official newspaper.

CITY OF ROMULUS CHAPTER VI, ARTICLE 4(B).2

AN ORDINANCE TO ADOPT BY REFERENCE THE NATIONAL ELECTRICAL CODE OF 1984

THE CITY OF ROMULUS ORDAINS:

SHORT TITLE: ELECTRICAL CODE

SECTION I. STATE OF PURPOSE

WHEREAS: Act No. 230 of the Public Acts of 1972 requires that the City of Romulus, prior to November 11, 1977, elect to follow one of the following options:

Option 1: The City may adopt a local ordinance to administer and enforce the Michigan Electrical Code in it's area.

Option 2: The City may elect not to administer and enforce the Michigan Electrical Code. The county would then be responsible for the administration and enforcement of the Michigan Electrical Code in that municipality.

Option 3: The City may adopt a local ordinance to administer and enforce another nationally recognized model electrical code.

Option 4: Counties, cities, villages or townships may provide by agreement for joint enforcement.

and,

WHEREAS: The Reciprocal Electrical Council Advisory Committee did conduct a study of the foregoing options and recommends that the City of Romulus select Option 3, adopt the 1984 National Electrical Code and adopt the 22 technical rules of the Electrical Reciprocal Council to the National Electrical Code, as proposed by the State Electrical Administrative Board Ad Hoc Committee and amended by the Advisory Committee; and,

WHEREAS: The City of Romulus feels that same will be fair, comprehensive, and satisfactory as the Electrical Code for the City of Romulus; and,

WHEREAS: It is the intention of the City of Romulus in adopting the National Electrical Code of 1984 together with the 22 technical rules of the Electrical Reciprocal Council as a means of insuring the public health, safety and general welfare of the residents of the City of Romulus in the practical safeguarding of persons and property from hazards arising from the use of electricity; and,

WHEREAS: It is the purpose of this code, in addition thereto, to control all matters regarding the use of electricity; except as such matters are otherwise provided for in other local ordinances or in the statutes of the State of Michigan.

SECTION II.

The National Electrical Code of 1984 as adopted by the National Fire Protection Association together with the 22 technical rules of the ELECTRICAL Reciprocal Council, as proposed by the State Electrical Administrative Board Ad Hoc Committee and amended by the Reciprocal Electrical Council Advisory Committee shall be and the same are hereby adopted by reference.

SECTION III. REPEAL OF PRIOR INCONSISTENT ORDINANCES

Any and all other ordinances of the City of Romulus currently in existence shall remain in full force and effect until the effective date of this Ordinance at which time each of said ordinances insofar as any or all of said ordinances are inconsistent with the provisions hereof, shall be and the same shall be, at said time, effectively repealed.

SECTION IV. SEVERABILITY

Should any section, clause or provision of this Ordinance be declared by any court of competent jurisdiction to be invalid, the same shall not affect the validity of the Ordinance as a whole or any part thereof other than the section, clause or provision of this Ordinance declared by such court of competent jurisdiction to be invalid.

SECTION V. CONFLICTING PROVISIONS

All ordinances or parts of ordinances in conflict with any of the provisions of this Ordinance, be and the same are hereby repealed.

SECTION VI. EFFECTIVE DATE

This Ordinance shall take effect immediately upon publication in the Official Newspaper.

signs of spring

Mr. Clifford Mitchell of Denton Road received word on Saturday, July 21, of the death of her sister, Inga Mullin Cooper, of Sturges, Mich., at the hospital in Eau Claire, Wis., after suffering a stroke.

Funeral services were held at Bloomer, Wis., on Monday, July 23. Interment took place in the Family Cemetery beside her husband Russell. Both sisters had been in Bloomer, Wis., to attend the Mullin Family Reunion on Sunday, July 15.

Mrs. Cooper was a former Church Street resident and taught for several years in the Belleville public schools.

Mrs. Agnes Savage of Liberty

Street returned last week after a five-week visit with her son-in-law and daughter, Jack and Shirley Ann Shyne and family at Palo Alto, Calif. While there she also enjoyed a week at Pajaro Dunes, an ocean resort.

After having spent the past month with her parents, Mr. and Mrs. Kenneth Palmer of Clarence Street, Mrs. Terry (Vicki) Bower with children, Allisyn and Erica, left last Sunday for their home in Kansas City, Mo. They also spent a few days with the children's paternal grandparents, Merl and Eleanor Kern at Romeo.

The Misses Catherine Merri-man and Sarah Sturman from

Old Buckingham, Norfolk, Eng-land arrived in the states last Friday, July 20, to spend some time with friends, Mr. and Mrs. William Graham of Liberty Street.

Mr. and Mrs. Justin Emerson were weekend guests of relatives at Crystal Falls and attended the funeral of Mrs. Emerson's aunt, Mrs. Lud Stoor on Saturday, July 21.

Mr. and Mrs. Lloyd Orr were among members of the Johnson Family who attended the annual reunion held at the home of Mr. and Mrs. Wm. Pierce at Flint on Sunday, July 22. Others came from Florida and Ohio.

After having been a surgical patient at Beyer Memorial Hos-pital in Ypsilanti for the past three weeks, James Goble was able to return to his home on East Wabash on Wednesday of last week.

Mr. and Mrs. Robert Welt of Willis Road spent a fun-filled busy weekend at Toronto, Ont., from Friday, July 20, through Sunday, won by Bob from the Motor Craft Club. Beginning with a sumptuous banquet on Friday night, a tour of the city on Saturday, shopping at Eaton Center, and dining at the famous tower restaurant and other in-teresting places, it was an in-

teresting weekend.

Mr. and Mrs. Russell Wilson spent several days last week at Caro with their son, Dennis, his wife and family. Their five-year-old grandson, Eric, returned with them for a visit.

Mr. and Mrs. Charles McKel-vey attended the Cook-Rayer Club picnic last Sunday at the cottage of Glenn and Dorothy Martin at Portage Lake.

Mrs. Walter Noff was a dinner guest last Monday of her sister-in-law, Mrs. Dorothy Baylis and her daughter, Delphine, of Livonia.

A former Belleville Road resi-dent, Mrs. Clyde (Bedia) Woods of Manchester, Tenn., has been a surgical patient at a hospital at Donelson, Tenn., this past week of July 23.

On Sunday, July 22, Mr. and Mrs. Thomas Stevens and daughter, Suzanne, joined Mrs. Stevens' mother, Mrs. Chester Shoup of Morenci, and other members of her family for din-ner and get-together at the home of Mrs. Shoup's other daughter and husband, Mr. and Mrs. Her-bert Knoblauch. Others present were Dr. and Mrs. Allen Schuetz from Baltimore, Md.

Annapolis Hospital offers unique help for men

Annapolis Hospital has become one of the few area hospitals offering surgical and support services for men suffering from chronic impotence. The PCHA hospital is the site for a relatively new procedure which involves implanting an inflatable penile prosthesis, a device implanted beneath the skin to mimic the flow of blood during a normal erection. As an adjunct service, the hospital will begin a free monthly support group in September for men suffering from physical impotence. The new group is called Recovery of Male Potency (ROMP).

"The problem of impotence is more widespread than many people believe," said Urologist Mahmood Hai, M.D., vice-chief of surgery at Annapolis and one of three Annapolis surgeons to perform the procedure. "It is the type of delicate condition which most people do

not like to talk about. Recent statistics indicate about 10 million men in the United States suffer from some type of impotence. The results of impotence on a man's marriage and self esteem can be devastating. Fortunately, techniques such as the use of the prosthesis offer a viable solution."

Impotence, the inability to have, or maintain an erection, can be either psychological or physical in nature. Psychological impotence can be due to depression, anxiety, fear of failure or interpersonal problems. The man is physically capable of an erection, but cannot have or maintain one until the underlying psychological causes are resolved.

The prosthesis is intended to help men who are impotent because of physical conditions. Physical impotence can be caused by diabetes, sustained high blood pressure, alcohol-

ism, atherosclerosis, kidney disease, hormonal imbalances, accidents and as a side effect of some types of surgery and medication.

"Most men suffer from temporary impotence at one time or another," said Dr. Hai. "The condition is serious when it becomes chronic. In this case we must determine the cause of the impotence. Through a series of tests we can determine if the cause is psychological or physical. If it is physical, then the patient becomes a candidate for the prosthesis."

The prosthesis works by augmenting the normal erection process. During an erection, blood fills chambers called the corpora cavernosa, which constitute most of the shaft of the penis. The prosthesis consists of a balloon like reservoir implanted under the abdomen, a bulb mechanism and two cylinders placed in parallel position

within the corpora cavernosa. When an erection is needed, water passes from the reservoir to the cylinders causing an erection. The prosthesis aides the mechanical process of an erection and does not alter any associated conditions. Sensations and orgasm are normal, if there was no physical impairment before surgery. Sperm production is not affected and a man with the implant could father a child, if his sperm production is normal.

The ROMP group is intended for males suffering from physical impotence and who have had or are candidates for the prosthesis. The first ROMP meeting will be held at Annapolis Hospital on Thursday, Sept. 20, and will continue to meet on the third Thursday of each month. Meeting at 7:30 p.m. in the hospital's Conference

Room No. 2, the ROMP group's first session will feature Dr. Hai discussing impotence and the available treatments.

The group will offer educational and emotional support to

members. Due to the nature of the subject, participants will be asked to sign a confidentiality form. Pre-registration for the group meetings is essential and can be made by calling Nancy Barr at 467-4570.
